

Applying is easy.

Patients and clients
receive an immediate
credit decision.

CareCredit is a health, wellness and personal care credit card that gives patients and clients the ability to pay over time with promotional financing options* for purchases of \$200 or more. Patients and clients can use CareCredit to pay deductibles, co-pays and out-of-pocket expenses not covered by insurance.

Cardholders can use it again and again at 285,000+ provider and select retail locations nationwide.
