### Did you know?

~\$2,100 is the average first purchase for a patient opening a CareCredit credit card in a medical aesthetic practice.

### How it works:

- 1 **First deferred interest transactions by new CareCredit cardholders** will be processed at your location.\*
- 2 **Eligible transactions** will be calculated at the reduced rate to determine your refund amount.
- 3 **Refunds will be deposited** into your account monthly.

**The more patients that move forward with care using CareCredit, the more refunds you earn—it couldn't be easier!**

**Questions?** Contact your Practice Development Manager or call 1-800-859-9975, press #1 then #6.
