

CareCredit can save your team time and help more patients move forward with care.

Don't forget to ask—some of your patients might already have the card!

## Be knowledgeable about the CareCredit credit card.

- Revolving credit line for health and wellness with special financing available on all qualifying purchases of \$200 or more.
- Can be used for the whole family including pets—at over 270,000 provider and retailer locations nationwide.

## Be confident—it's as easy as offer and share.

Proactively let patients know you accept CareCredit.

Patients can scan your QR code or visit your custom link to see if they prequalify with no impact to their credit score.

## Be comfortable accepting CareCredit.

It's simple:

1. Log into provider center.
2. Click "transactions" on the top navigation bar.
3. Select "process transaction".
