

Let QR CODES guide the way!

From the hospital to the barn, your custom QR code gives horse owners a fast and convenient way to explore payment options, see if they prequalify, apply, and if approved, pay right from their phone.

It's designed to fit seamlessly into your workflow!

Using your custom QR code, horse owners can:

Pay with their card right away if approved (so you don't have to chase payments!)

See if they prequalify with no hard credit check to help ease approval anxiety

Quickly learn about your available financing options

Designed to simplify the financing conversation:

Each QR code is linked to your Merchant ID so you can easily track applications and payment status

Synchrony's PRISM technology looks far beyond a simple credit score (7,000+ data points) to help increase approvals

Start putting your QR code and custom link to work today!
