

Maximize your day with CareCredit's integration

Seamlessly connect financing features into your practice management software.

How It Works

CareCredit integrates directly with many practice management software, enabling seamless account lookup, application processing, and transaction completion—all within a single platform.

PLUS

No additional login

Transactions automatically post to ledger

Our Partners

Benefits at a Glance

Save time

Quickly look up accounts, process payments and finish transactions, all without switching screens. It saves you up to five minutes per transaction!

Elevate the experience

Did a client forget their CareCredit credit card? No sweat! Just access their account, finish the payment and send them on their way.

Simplify payments

Easy, friendly applications and payments helps pets get care fast—and makes your workflow a breeze!

Enjoy more moments to care

By making financing fast and friendly for everyone, you can spend more time focusing on what matters most—animals!

Hear from Real Integration Users

"The integration is better because it automatically posts the payment to the account. ... This is a time-saver!"

Sara Cockburn,
Woodland West Animal Hospital

"I like that it already brings up the client information so we don't have to go looking for it. It makes it a lot smoother for owners to not have to wait for us to process or find them through a separate portal."

Michelle Smallbear,
Lone Mountain Animal Hospital
